Dr. Charles Friedman
Motivational Intervention
10755 71st Ave Suite West
Seminole, FL 33772

September 4, 2009

Dr. Friedman,

It gives me great satisfaction to recommend the Motivational Intervention Program to other schools. We have worked closely with this program as a large part of our social-emotional learning program for at-risk students. This valuable program meets the needs of our students by giving them the great opportunity to see the consequences of their actions and decision-making, without the actual risks. It has rendered invaluable as an instrumental tool in teaching our students.

In addition to having the satisfaction of implementing this program at my school, eight additional school districts are also benefiting by using the program at various locations throughout Butler County, Ohio. They have commented to me how impressed they are by the ease and effectiveness of the program. They feel that they now have valuable tools to consistently reach their students in a most effective manner.

Thank you for the wonderful service you provide in helping us to work with at-risk students. We are confident that we will continue to use your program for consistent and positive results.

Sincerely,

Laura J. Sage
